Mr. Thos. T. Wilson,
84 Clairborne St.,
Nashville, Tenn.

Dear Chairman:

I am writing in regards to the Toledo players. I have just sent you a wire this Morning, and I hope you took action in the case. I think it is ridiculous for you fellows to have an Organization and to be so selfish as to take players belonging to another Team and refuse to give them up.

Now I think, as Chairman, you should interest yourself to see that Toledo gets all players that formerly belonged to the Crawfords, as I understand that was the agreement that was made with him, in that case those men belong to him as much so as ours do us.

I have a trade that I think would possibly help both of us, and in these trade, it should be confidential between us, so in case they don't go through the players would not know about it and be disgruntle. I have a very good hitting outfielder by the name of Freddy Wilson. If you happen to see See Posey you can ask him about this player, he was formerly with the Etophian Clowns. I will give you Wilson, Dick Seay and lefthander pitcher Jesse Brown, who I think will help your Club, and \$100.00 for Bill Wright. I don't think this man is worth all that I am offering, but I need such a man, as I haven't any lead off man and I haven't a good centerfielder, and Wright would fit very well in my plans, as I could use him to play centerfield and lead off, and as you do not use him for that, he would not be of as much service to you as the men I am offering you. I believe that the outfielder Wilson will out hit Wright by several points, but he does not suit for a centerfielder nor lead off man. His position is rightfield and I think he will make you a good rightfielder, but he isn't a speed artist, he is a good distant hitter and I think you will be satisfied.

Let me know ^{when} you are going to be in Baltimore to get things going down ~~there~~. Hope to hear from you at once.

Yours truly,
